

# Seed Soil Sun- What do we grow in Wisconsin? In my county?

Student's Name \_\_\_\_\_

Visit this website to access the National Agricultural Statistics Service website. Go to the Wisconsin Annual Statistical Bulletin:

[http://www.nass.usda.gov/Statistics\\_by\\_State/Wisconsin/Publications/Annual\\_Statistical\\_Bulletin/index.asp](http://www.nass.usda.gov/Statistics_by_State/Wisconsin/Publications/Annual_Statistical_Bulletin/index.asp)

Students can use this website to look up information and statistics on:

- Field crop summaries for various crops over the past years
- Cash receipts from farm marketing
- Farm land, cash rents and the acres devoted to production agriculture
- Learning about specific crops grown in Wisconsin- production, sales, number of acres
- Wisconsin's rank in national agricultural production
- For some of the crops, students can see how much is raised in their county (for more county data, visit

[http://www.agcensus.usda.gov/Publications/2007/Online\\_Highlights/County\\_Profiles/Wisconsin/index.asp](http://www.agcensus.usda.gov/Publications/2007/Online_Highlights/County_Profiles/Wisconsin/index.asp)

Divide up into groups and explore the website to see what else you can learn about Wisconsin crops, plants and soils. Each group can make a poster, booklet, MS PowerPoint, or other report to share with their class about their findings.
