

Student name _____

How did that get into my lunchbox? - How cheese is made!

Cut out squares up and mix up the order. With a partner or small group, place the squares in the correct order from the beginning to the end of the cheese making process.

Milk the cows	Tanker moves milk from farm to dairy plant	Heat milk
Add bacteria to make it turn sour and thick	Add rennet	Produce curds and whey
Drain off the whey	Chop the curds	Add salt
Press into blocks	Age the cheese	Package
