

Student name _____

How did that get into my lunchbox? – Growing Carrots

Cut out squares and mix up the order. With a partner or small group, place the squares in the correct order for growing carrots.

Carrots are planted	Roots push deeper in the earth	Plant soaks up water
Roots begin to turn orange	Pickers pull up the carrots	Transported to processing plant
Carrots are washed	Packaged	Packed into trucks
Transported to stores	Sold to consumers	Enjoyed by consumers!
