

Student name _____

How did that get into my lunchbox? – Growing Clementines

Cut out squares and mix up the order. With a partner or small group, place the squares in the correct order for growing clementines.

Trees produce flowers	Flowers die	Green Clementine berry develops
Clementine swells in size	Color changes from green to yellow	Cool weather comes
Color changes from yellow to orange	Pickers harvest the fruit	Wash the Clementines
Pack the fruit	Sent boxes in trucks to market	Enjoyed by consumers!
