

Student name _____

How did that get into my lunchbox? - Growing Tomatoes!

Cut out squares and mix up the order. With a partner or small group, place the squares in the correct order for growing tomatoes.

Planting the tomatoes in ground or plastic tunnels	Sun provides warmth to help plants grow	Plants grow tall
Plants bloom with yellow flowers	Green tomatoes start to form	Tomatoes change from green to red
Growers pick the tomatoes	Tomatoes are sorted	Packed
Transported to stores	Sold to consumers	You enjoy them!
